Ormiston State School

Responsible Behaviour Plan for Students
based on The Code of School Behaviour

1. Purpose

Ormiston State School is committed to providing a safe, respectful and disciplined learning environment for students and staff, where students have opportunities to engage in quality learning experiences and acquire values supportive of their lifelong wellbeing.

This Responsible Behaviour Plan for Students is designed to facilitate high standards of behaviour so that the learning and teaching in our school can be effective and students can participate positively within our school community.

2. Consultation and data review

Ormiston State School developed this plan in collaboration with our school community. Broad consultation with parents, staff and students was undertaken as part of the Quadrennial School Review process conducted throughout Semester 2, 2012. This included surveys, meetings and forums.

The Plan was originally endorsed by the Principal, the President of the P&C and Assistant Regional Director in December 2012. The current plan was reviewed and updated in 2017 as required in legislation and will remain current until the end of 2020.

3. Learning and behaviour statement

Students come to school to learn. Behaviour support represents an important opportunity for learning how to get along with others. All areas of Ormiston State School are learning and teaching environments. We consider behaviour management to be an opportunity for valuable social learning as well as a means of maximising the success of academic education programs.

Our Responsible Behaviour Plan outlines our system for facilitating positive behaviours, preventing problem behaviour and responding to unacceptable behaviours. Through our school plan shared expectations for student behaviour are plain to everyone, assisting Ormiston State School to create and maintain a positive and productive learning and teaching environment, where ALL school community members have clear and consistent expectations and understandings of their role in the educational process.

Our school community has identified “TOPS” as the school values to teach and promote our high standards of responsible behaviour:

T – Teamwork: Work as a member of a team
O – Ownership: Own my own behaviour and learning
P – Participation: Participate to the best of my ability
S – Sensitivity: Be sensitive to the needs of others

Our school values have been agreed upon and endorsed by all staff and our school P&C. They are aligned with the values, principles and expected standards outlined in Education Queensland’s Code of School Behaviour.

4. Processes for facilitating standards of positive behaviour and responding to unacceptable behaviour

- Universal behaviour support

The first step in facilitating standards of positive behaviour is communicating those standards to all students. At Ormiston State School we emphasise the importance of directly teaching students the behaviours we want them to demonstrate at school. Communicating behavioural expectations is a form of universal behaviour support - a strategy directed towards all students.
designed to prevent problem behaviour and provides a framework for responding to unacceptable behaviour.

A set of behavioural expectations in specific settings has been attached to each of our four school values. The Ormiston State School TOPS Matrix (see Appendix 1) outlines our agreed rules and specific behavioural expectations in all school settings.

These expectations are communicated to students and parents via a number of strategies, including:

- Behaviour lessons conducted by classroom teachers;
- Reinforcement of learning from behaviour lessons on school parades and active supervision by staff during classroom and non-classroom activities.

Ormiston State School implements the following proactive and preventative processes and strategies to support student behaviour:

- School Behaviour Leadership team members’ regular provide information to staff and parents, and support to others in sharing successful practices.
- A dedicated section of the school newsletter, enabling parents to be actively and positively involved in school behaviour expectations.
- A school wide PBL Flowchart has been developed to clearly identify appropriate responses to reward desired behaviours and respond to unwanted behaviours (Appendix 2).
- Induction programs delivered to new students as well as new and relief staff.
- Individual support profiles developed for students with high behavioural needs, enabling staff to make the necessary adjustments to support these students consistently across all classroom and non-classroom settings.
- Development of specific policies, including the Bullying Policy (Appendix 6).

Reinforcing expected school behaviour

At Ormiston State School communication of our key messages about behaviour is backed up through reinforcement, which provides students with feedback for engaging in expected school behaviour. A formal recognition and monitoring system has been developed. This reinforcement system is designed to increase the quantity and quality of positive interactions between students and staff. All staff members are trained to give consistent and appropriate acknowledgement and rewards.

Ormiston State School “Gotcha’s”

Staff members hand “Gotcha’s” out each day to students they observe following school rules in both classroom and non-classroom areas. This reinforcement occurs continuously throughout the day. When they observe a student following the rules they can choose to give them a “Gotcha”. When students collect 10 “Gotcha’s” they are awarded a TOPS Certificate (Blue Card) which they bring to Administration for recognition and signing in the afternoon. Students also earn 1 token for each TOPS Award to go towards their house cumulative points. Students are then awarded a TOPS Behaviour Award which is acknowledged on Parade once they have received 5, 10, 20, 30 etc. TOPS Certificates. (Appendix 3)

End of Semester Behaviour Awards and Behaviour Excellence Awards

End of Semester Behaviour Awards are awarded each semester based Behaviour and Effort results from the End of Semester Reporting periods. Students who receive an End of Semester Behaviour award in both Semester 1 and Semester 2 are acknowledged through a TOPS Behaviour Excellence Award which is presented at the annual Parade of Excellence each year. (Appendix 3)

Re-directing low-level and infrequent problem behaviour

When a student exhibits low-level and infrequent problem behaviour, the first response of school staff members is to remind the student of expected school behaviour, then ask them to change their behaviour so that it aligns with our school’s expectations.

Our preferred way of re-directing low-level problem behaviour is to employ a range of essential skills for behaviour management, including but not limited to cuing, proximity and verbal
redirection. The student may be asked to think of how they might be able to act more safely, more respectfully or more responsibly. This encourages students to reflect on their own behaviour, evaluate it against expected school behaviour, and plan how their behaviour could be modified so as to align with the expectations of our school community. The Ormiston State School PBL Flowchart (Appendix 2) identifies the ongoing response to persistent low level behaviours and unwanted / unacceptable behaviours

- **Targeted behaviour support**
  Each year a small number of students at Ormiston State School are identified through our data as needing additional targeted behavioural support. In most cases the problem behaviours of these students may not be immediately regarded as severe, but the frequency of their behaviours may put these students’ learning and social success at risk if not addressed in a timely manner. Students accepted into the Tier 2 Program attend their normal scheduled classes and activities with appropriate adjustments if required. However, they have increased daily opportunities to receive positive contact with adults, additional support from targeted programs, check-in/check-out coaches, playground support and increased opportunities to receive positive reinforcement. Where required, adjustments are made to their program through academic support, adult mentoring or additional intervention.

The Tier 2 Program is coordinated by a school-based team with active administrator support and staff involvement. All staff members are provided with continuous professional development consisting of an overview of the program, the referral and response process, and the reporting responsibilities of staff and of the students being supported.

Students whose behaviour does not improve after participation in the Tier 2 Program, or whose previous behaviour indicates a need for specialised intervention, are provided with intensive behaviour support.

- **Intensive behaviour support**
  Ormiston State School is committed to educating all students, including those with the highest behavioural support needs. We recognise that students with highly complex and challenging behaviours need comprehensive systems of support. The Behaviour Support Team:
  - works with staff members to develop appropriate behaviour support strategies
  - monitors the impact of support for individual students through continuous data collection
  - makes adjustments as required for the student, and
  - works with the School Behaviour Leadership Team to achieve continuity and consistency.

The Behaviour Support Team has a simple and quick referral system in place. Following collaboration regarding the effectiveness of Tier 2, students can be easily transitioned to intensive support. An Administrator contacts parents and any relevant staff members to form a support team and begin the assessment and support process. In many cases the support team also includes individuals from other agencies already working with the student and their family, a representative from the school’s administration and district-based behavioural support staff. Options may be discussed which include both support at a school level as well as support for the student and their family from community based networks.

5. **Emergency responses or critical incidents**

It is important that all staff have a consistent understanding of how to respond to emergency situations or critical incidents involving severe problem behaviour. This consistency ensures that appropriate actions are taken to ensure that both students and staff are kept safe.

An emergency situation or critical incident is defined as an occurrence that is sudden, urgent, and usually unexpected, or an occasion requiring immediate action.

Severe problem behaviour is defined as behaviour of such intensity, frequency, or duration that the physical safety of the student or others is likely to be placed in serious jeopardy.
Basic defusing strategies

Avoid escalating the problem behaviour
(Avoid shouting, cornering the student, moving into the student’s space, touching or grabbing the student, sudden responses, sarcasm, becoming defensive, communicating anger and frustration through body language).

Maintain calmness, respect and detachment
(Model the behaviour you want students to adopt, stay calm and controlled, use a serious measured tone, choose your language carefully, avoid humiliating the student, be matter of fact and avoid responding emotionally).

Approach the student in a non-threatening manner
(Move slowly and deliberately toward the problem situation, speak privately to the student/s where possible, speak calmly and respectfully, minimise body language, keep a reasonable distance, establish eye level position, be brief, stay with the agenda, acknowledge cooperation, withdraw if the situation escalates).

Follow through
(If the student starts displaying the appropriate behaviour briefly acknowledge their choice and re-direct other students’ attention towards their usual work/activity. If the student continues with the problem behaviour then remind them of the expected school behaviour and identify consequences of continued unacceptable behaviour).

Debrief
(Help the student to identify the sequence of events that led to the unacceptable behaviour, pinpoint decision moments during the sequence of events, evaluate decisions made, and identify acceptable decision options for future situations).

Physical Intervention
Staff may make legitimate use of physical intervention if all non-physical interventions have been exhausted and a student is:
- physically assaulting another student or staff member
- posing an immediate danger to him/herself or to others.

Appropriate physical intervention may be used to ensure that Ormiston State School’s duty of care to protect students and staff from foreseeable risks of injury is met. The use of physical intervention is only considered appropriate where the immediate safety of others is threatened and the strategy is used to prevent injury.

Physical intervention can involve coming between students, blocking a student’s path, leading a student by the hand/arm, shepherding a student by placing a hand in the centre of the upper back, removing potentially dangerous objects and, in extreme situations, using more forceful restraint.

It is important that all staff understand:
- the underlying function of the behaviour,
- that physical intervention cannot be used as a form of punishment, and
- that physical intervention must not be used when a less severe response can effectively resolve the situation.

Physical intervention is not to be used as a response to:
- property destruction
- school disruption
- refusal to comply
- verbal threats
- leaving a classroom or the school, unless student safety is clearly threatened.

Any physical intervention made must:
- be reasonable in the particular circumstances,
be in proportion to the circumstances of the incident
always be the minimum force needed to achieve the desired result, and
take into account the age, stature, disability, understanding and gender of the student.

Record keeping
Each instance involving the use of physical intervention must be formally documented.

6. Consequences for unacceptable behaviour

Ormiston State School makes systematic efforts to prevent problem student behaviour by teaching and reinforcing expected behaviours on an ongoing basis. When unacceptable behaviour occurs, students experience predictable consequences as outlined in the Ormiston State School PBL Flowchart (Appendix 2). Our school seeks to ensure that responses to unacceptable behaviour are consistent and proportionate to the nature of the behaviour. Green, Orange and Red office cards are used to refer all minor and major problem behaviour to Administration who record all Minor and Major behaviours in OneSchool.

Minor and major behaviours
When responding to problem behaviour the staff member first determines if the problem behaviour is major or minor, with the following agreed understanding:
- Minor problem behaviour is handled by staff members at the time it happens and then students present to Administration for signing of a “Green Card” to go home to the Parent/Carer.
- Major problem behaviour is handled by staff members at the time it happens and then students present to Administration for discussions or actions and consequences and signing of an “Orange / Red Card” to go home to the Parent/Carer. As identified in the PBL Flowchart only Administration can issue a “Red Card”.

Minor behaviours are those that:
- are minor breeches of the school rules
- do not seriously harm others or cause you to suspect that the student may be harmed
- do not violate the rights of others in any other serious way
- are not part of a pattern of problem behaviours
- do not require involvement of specialist support staff or Administration.

Minor problem behaviours may result in the following consequences:
- a re-direction procedure (Think about Choices). The staff member takes the student aside and:
  1. names the behaviour that student is displaying,
  2. asks student to name expected school behaviour,
  3. states and explains expected school behaviour if necessary
  4. gives positive verbal acknowledgement for expected school behaviour.
- a minor consequence logically connected to the problem behaviour, such as apology, restitution or detention for work completion, contacting Parent/Carer.
- partial removal from an activity or event for a specified period of time, (time out),
- complete removal from the classroom for a specified period of time (Buddy Class) to enable the teacher to re-establish a positive learning environment for the remainder of the class
- Issuing a green card to provide a strong warning that the displayed behaviours are not acceptable.

Major behaviours are those that:
- significantly violate the rights of others
- put others / self at risk of harm
require the involvement of school Administration.

Major behaviours result in an immediate referral to Administration because of their seriousness. When major problem behaviour occurs, staff members calmly state the major problem behaviour and remind the student of expected school behaviour. The staff member then fills out the “Orange” and escorts the student to Administration. If uncertain or the staff member believes a “Red Card” is required then Administration are to be consulted.

Major problem behaviours may result in the following consequences:

- **Level One**: Parent/Carer contact, time in office, alternate lunchtime activities, loss of privilege, restitution, loss of break times, warning regarding future consequence for repeated offence, referral to Tier 2 Program; and/or
- **Level Two**: Parent/Carer contact, referral to Guidance Officer, school Chaplain, or Intensive Behaviour Support Team, suspension from school
- **Level Three**: Students who engage in very serious problem behaviours such as major violent physical assault, or the use or supply of weapons or drugs can expect to be recommended for exclusion from school following an immediate period of suspension.

All staff are familiar with our school table of example major and minor behaviours (see Appendix 4).

Relate problem behaviours to expected school behaviours
When responding to problem behaviours, staff members ensure that students understand the relationship of the problem behaviour to expected school behaviour. One method that staff members might use to achieve this is to have students:

- articulate the relevant expected school behaviour
- explain how their behaviour differs from expected school behaviour,
- describe the likely consequences if the problem behaviour continues; and
- identify what they will do to change their behaviour in line with expected school behaviour.

Should a problem behaviour be repeated, the staff member may not repeat the discussion/explanation process but simply remind the student of the consequences of their problem behaviour.

Ensuring consistent responses to problem behaviour
At Ormiston State School staff members authorised to issue consequences for problem behaviour are provided with appropriate professional development and/or training. Through training activities, we work to ensure consistent responses to problem behaviour across the school.

Students also receive training about how to respond when other students display problem behaviour, and the courteous way to respond when a staff member re-directs their behaviour or consequences are applied for problem behaviour. We explicitly teach students the “High 5” strategy as an appropriate response to problematic peer behaviour. (Appendix 5)

7. **Network of student support**

Students at Ormiston State School are supported through positive reinforcement and a system of universal, targeted, and intensive behaviour supports by:

- Parents
- Teachers
- Support Staff
- Administration Staff
- Guidance Officer
- Advisory Visiting Teachers
• Positive Learning Centre Staff
• Senior Guidance Officer
• School Chaplain

Support is also available through the following government and community agencies:
• Disability Services Queensland
• Child and Youth Mental Health
• Queensland Health
• Department of Communities (Child Safety Services)
• Police
• Local Council
• Consideration of individual circumstances

To ensure alignment with the Code of School Behaviour when applying consequences, the individual circumstances and actions of the student and the needs and rights of school community members are considered at all times.

Ormiston State School considers the individual circumstances of students when applying support and consequences by:
• promoting an environment which is responsive to the diverse needs of its students
• establishing procedures for applying fair, equitable and non-violent consequences for infringement of the code ranging from the least intrusive sanctions to the most stringent
• recognising and taking into account students’ age, gender, disability, cultural background, socioeconomic situation and their emotional state
• recognising the rights of all students to:
  o express opinions in an appropriate manner and at the appropriate time
  o work and learn in a safe environment regardless of their age, gender, disability, cultural background or socio-economic situation, and
  o receive adjustments appropriate to their learning and/or impairment needs.
